

Ejercicio 5 - Modelo relacional

Realiza el paso a tablas del siguiente diagrama ER siguiendo las indicaciones dadas en clase:

$B(\underline{b1}, b2, b3)$

$R(\overset{\overset{B}{\mid}}{\underline{b1rol1}}, \overset{\overset{B}{\mid}}{\underline{b1rol2}})$

$R(\overset{\overset{B}{\mid}}{\underline{b1}}, \overset{\overset{A}{\mid}}{\underline{a1}}, \overset{\overset{D}{\mid}}{\underline{a2}}, \overset{\overset{D}{\mid}}{\underline{d1}})$

$R(\overset{\overset{B}{\mid}}{r1}, \overset{\overset{D}{\mid}}{\underline{b2}}, \overset{\overset{D}{\mid}}{\underline{d1}})$

$A(\underline{a1}, \underline{a2})$

$D(\underline{d1})$

$D2(\overset{\overset{D}{\mid}}{\underline{d1}}, \overset{\overset{D}{\mid}}{\underline{d2}})$

$F(\overset{\overset{D}{\mid}}{\underline{f1}}, \overset{\overset{D}{\mid}}{\underline{d1}}, r2)$

$C(\overset{\overset{A}{\mid}}{\underline{c1}}, \overset{\overset{A}{\mid}}{\underline{a1}}, \overset{\overset{A}{\mid}}{\underline{a2}}, c2)$

$E(\overset{\overset{RI}{\mid}}{\underline{e1}}, \overset{\overset{RI}{\mid}}{\underline{c1}}, \overset{\overset{RI}{\mid}}{\underline{a1}}, \overset{\overset{RI}{\mid}}{\underline{a2}}, \overset{\overset{RD}{\mid}}{\underline{c1}}, \overset{\overset{RD}{\mid}}{\underline{a1}}, \overset{\overset{RD}{\mid}}{\underline{a2}})$

$R(\overset{\overset{E}{\mid}}{\underline{e1}}, \overset{\overset{F}{\mid}}{\underline{f1}}, r3, r4, r5)$
